

Town of Bow Recycling and Solid Waste
Committee

Agenda

February 2, 2021 Meeting

To: Recycling Committee Members
cc: Bow Administrative Assistant
Re: Agenda for February 2, 2021 Meeting
Time: 7:30 by Zoom

Committee Members: Sherri Cheney, Mark Davis, Rebecca Elwood, Taj Pietkiewicz, Danielle Ruane, Beth Titus

Items For Discussion:

1. Informational Session with Bonnie Bethune of Northeast Resource Recovery. NRRA is a wonderful organization working to promote recycling and Bow is a member. As a committee, it makes sense for us to know about everything it has to offer. Bonnie will be joining the zoom on Tuesday to present information on NRRA. Below is her bio from the NRRA site. If you get a chance before the meeting, check out their website at: nrrarecycles.org

Bonnie Bethune, Member Services Manager

bbethune@nrrarecycles.org
603-736-4401 x118

Bonnie Bethune is the Member Services Manager of the Northeast Resource Recovery Association. She assists NRRA's municipal members with a wide variety of technical assistance and cooperative marketing and purchasing needs. **This includes marketing tractor trailer loads of recyclable material to environmentally sound vendors, providing hands-on technical assistance to help solid waste facility operators improve their solid waste management and planning, and coordinating household hazardous waste events for municipalities.** Bonnie also presents on the subject of recycling and waste reduction.

Prior to joining NRRA as a Member Services Representative in 2003, Bonnie worked extensively in the field of recycling and solid waste. As a student at the University of New Hampshire, she worked at the campus recycling center. Later, she operated an incinerator and recycling center in Wilton, NH, and later managed a

landfill and recycling facility in New Boston, NH, both member communities of NRRA. Bonnie brings the solid waste facility operator's perspective to NRRA and enjoys working with and for NRRA's hardworking facility operators as well as all others in the recycling field.

Bonnie received a Bachelor of Science degree in Environmental Conservation from the University of New Hampshire. Bonnie is a certified as a Senior Principal Operator through the New Hampshire Department of Environmental Services Solid Waste Facility Operator Training and Certification Program.

Bonnie's personal interests include hiking, kayaking, reading, fixing up her 1940's camp in the foothills of the White Mountains, but mostly sharing that peaceful space with family and friends.
