Meeting called to order at 6:36 pm.

1) Approval of Minutes

Next month.

3) Plan for the year ahead - not discussed

Make new housing more energy efficient.

4) Update on solar project

Nick offered an update on the status of the solar project.

5) Community Power

Russell offered update on Community Power. He explained that utilities (like Unitil) can charge low electricity rates because they can roll high generation costs over to distribution charges (which they charge to any users, including users of Community Power or other third party power providers).

6) Closing Comments

Nick will look at warrant articles at the 2025 town meeting to see which warrants our committee may want to get involved with and offer input so voters are more informed in the future.

Next meeting is scheduled for Wednesday, March 19, 2025 at 6:30 pm.

Meeting adjourned at 7:30 pm.

Respectfully submitted by Michael Leuchtenberger
