

Bow Natural Resources Inventory Aerial Base Map

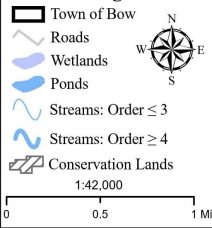

Map Description:

This map uses an aerial photograph from May 2015 to show human infrastructure such as roads and residential, commercial, and industrial developments, as well as various natural features that occur in Bow. Wetlands, streams, and ponds, as well as roads help to orient the map viewer within the town. Conservation lands has also been added to show where the many town-owned and private lands are located that have been protected over time.

Data Sources:

- Political Boundaries, downloaded from NH GRANIT
- Conservation Lands, downloaded from NH GRANIT, edited by Moosewood
- Surface Water (NHD), downloaded from NH GRANIT, edited by Moosewood
- Streams, downloaded from NH GRANIT
- Roads from NH DOT, downloaded from NH GRANIT
- Wetlands (NWI Plus), downloaded from NH GRANIT
- WMS Aerial Imagery (May 2015, 1-ft resolution), downloaded from NH GRANIT
